KEYNOTE

Whole School Approaches to Wellbeing: Lessons learnt from Physical Education

As the need to support children's wellbeing becomes an increasing priority of schools, what is Physical Education's role? **Dr Vicky Randall**, an Education and Research Consultant at PE Scholar explores questions for practice and considers ideas and strategies for how Physical Education can drive positive change.

WORKSHOP 1

Mapping your scope and sequence

This workshop explores how you can enhance the learner journey in PE by carefully considering your curriculum scope and sequence.

MINI NOTE

Student Voice and Updates from LSSP

WORKSHOP 3

Preparing for a successful Ofsted Deep Dive

Are you ready if called upon to participate in an Ofsted Deep Dive? This workshop will help you prepare for a deep dive into PE so that when the time comes you are ready to clearly articulate and celebrate how PE is structured at your school.

WORKSHOP 2

Adaptive and Inclusive Practice in PE

How can you ensure that PE meets the needs of all learners? This workshop will provide you with lots of practical ideas to help you adapt your practice and scaffold activities to create a more inclusive learning environment where all students make progress.
